Exposure to Domestic Violence and its Effect on Children's Brain Development and Functioning

Webinar with presenter Dr. Linda Baker from Western University

December 11, 11:00 am – 12:00 pm MST

Click [here](#) to register.

Mindfulness Counselling Strategies – Activating Compassion and Regulation

This workshop is designed to teach participants how to facilitate the development of compassion and regulation skills with their clients, and develop their own capacity for using mindfulness-based strategies in their counseling work.

December 12 – 13, Calgary

Click [here](#) for more information.

Challenging Behaviours in Youth – Strategies for Intervention

This workshop will review challenging behaviours related to anger, non-compliance and attention seeking, and will provide a framework for intervening with these behaviours.

Participants will analyze the effectiveness of their current approach and develop insight into what is happening when attempts at intervention do not work.

December 15, Calgary
